

EDUCATION

Higher Secondary <i>Vani Vidyalyaya Metric Hr Sec School</i> Overall Score: 97%	06/2021 – 04/2023 — Erode, India
BE Computer Science and Engineering <i>Coimbatore Institute of Technology</i> CGPA: 8.48*	08/2023 – 05/2027 — Coimbatore, India

SKILLS

Frontend HTML CSS JavaScript React.js	Backend Express.js Node.js FastAPI	Core Data Structures Algorithms & Analysis Design Thinking Computer Architecture Operating Systems	Languages Java Python C
Tools Git, GitHub, Postman	Databases MySQL, Oracle		

PROJECTS

AI-Powered Role-Aware ATS Platform <i>Machine Learning, RAG, Llama-3.3-70B</i> Developed an AI-driven resume evaluation platform that provides role-specific ATS scoring using Retrieval-Augmented Generation (RAG) and LLM-based reasoning. Implemented multi-level resume parsing, metadata-aware retrieval, skill gap analysis, and personalized learning path generation with dedicated student and recruiter dashboards.	07/2025 – 04/2026
Streamlit Price Spread Predictor <i>Python, Streamlit, Scikit-learn, Joblib</i> Built a Streamlit-based application to predict optimal purchase and export quantities for agricultural products. Integrated city-wise profit analysis, interactive visualizations, and downloadable reports with detailed graphs.	03/2025 – 04/2025
E-Commerce Website <i>JSP, Servlets, Apache Tomcat</i> Developed a full-stack e-commerce web application for managing car parts. Implemented user authentication, product catalog, shopping cart, balance handling, order processing, and an admin dashboard with CRUD operations.	09/2025 – 11/2025

ACHIEVEMENTS

Smart India Hackathon 2025 – Internal Finalist (Team ID 62898) Developed SustainaFarm, a gamified platform promoting sustainable farming through AI-based crop guidance, simulation features, real-time tracking, and an eco-score reward system.
TechSprint 2025 (Google) – Top 25 Finalist Recognized among the top 25 teams for developing Academics Ghostwriter, an intelligent academic assistance platform focused on structured content generation and productivity enhancement.

LEADERSHIP & EXPERIENCE

Design Head – Cryptera 2K26 Designed event posters and promotional materials using Canva and edited reels using CapCut, ensuring consistent branding and timely execution.
National Entrepreneurship Challenge (NEC) 2024 – IIT Bombay Participated in a national-level entrepreneurship program, collaborating on startup ideation and business strategy while gaining exposure to innovation and leadership.
Event Coordinator – ASCII, Dept. of CSE (2025–2026) Organized and managed technical events and workshops, ensuring smooth execution and enhanced student engagement.

CERTIFICATES

HTML & CSS, JavaScript	(Guvi)
Python Essentials 1 & 2	(Cisco Networking Academy)
C++ Essentials & Data Structures	(Scaler)
